Rotary Bologna Valle dell'dice- Geom. Marino Monti,

Re; Appreciation of Ophthalmology equipment

We greet you in the name of the Almighty God and we thank you for all that you are doing. We want to extend our heartfelt gratitude for your concern and consideration for our people and their well being.

Zia Angelina Health Centre has been in existence since November 2000 operating under the auspices of The Uganda Catholic Medical Bureau and in co-operation with other sectors in health care provision, including the government of Uganda.

Our main objective is to contribute to the general welfare of the people of Namugongo and its surrounding areas through provision of quality health care services. We have managed to do this by offering services like; Receiving and attending to outpatients, observing seriously sick patients on a 24-hour basis. (Admissions), Conducting deliveries, antenatal and postnatal care, Carrying out immunization programs, Carrying out outreach programs, Laboratory services, Dental services and Scanning/ultra sound services.

We however have always wished to give an all round health care package and with your help, giving us a chance to offer ophthalmology services, we are surely on our way there. This will help in bringing the services closer to the people who have had to travel long distances to access them in the big hospitals.

We therefore would like to thank the Rotary club of Bologna members for your love for the people of Namugongo and for Zia Angelina Health Centre. We will do our best to put them to good use in providing the much needed ophthalmology services to our people.

Once again thank you for your continued support and cooperation and we wish you God's blessings in all your endeavors.

Ndorimana Venant
